# How it Works

☑ **Step 1**

Intact works with you to **design, build, enable, and integrate** a solution that derives the most valuable outcomes. Our build includes:

- **Maturity Assessment** to determine best achievable outcomes.
- **Initial workshop** to engage and align stakeholders to goals.
- **Deployment** of each of the products included in this suite.
- **Exception-based design** around Intact pre-built integrations and workflows that centralize services for employees.
- **Agile builds** focused on centralizing and automation services for employees, process adoption and improved experiences for government workers.
- **Process measurements** (SLA's and analytics on process efficiencies).

☑ **Step 2**

After 6 weeks:

- You have a **foundation for a long-term permanent solution**, but the products are disabled and ready for purchase if desired with data preserved.
